## Summer Winds Down, Road Work Escalates

by Dave Atkins

The Department of Public Works (DPW) has begun an extensive road repair program, hoping to have most or all of the work on City roads completed before winter weather sets in.

Badly needed work at Wick Road and Tobine should be completed by the time you read this. Some areas of that intersection had as little as one inch of asphalt, which was the main reason that there were holes in the road. Rey-Mart Asphalt has been doing much of the work in Town, and they have done an excellent job.

Merriman Road, from Pennsylvania to Eureka, also is being worked on. It will not be paved with asphalt; rather, it will be repaired using a "double chip and seal" process (the same process that was used last summer to fix Hannan Road — which is holding up very well). Other roads to be repaired using this method are Cypress, Dexter, Henry Ruff, Harrison, and Sterling, as well as a portion of Wahrman from Grant south.

In addition to these jobs, the DPW is putting in new sewer lines on portions of Hannan Road, installing water

mains and drinking fountains at Elmer Johnson Park, and beginning a much-needed "ditch" program throughout the City.

DPW Director Jim Panos said, "This work has needed to be done for a long time — some of it for many years. It's a good thing we have the Mayor that we do. By that, I mean a lot of this work, in most cities, would be assessed back to the residents, but she will have no part of that. She feels the tax dollars already paid are enough to pay for this work without making any more burden on the residents."

On August 8, Mayor McAnally toured the City to see exactly what work was being done. She seemed well pleased with the progress of the work.

"Merriman Road has a high priority to be done this summer," McAnally said, "and I know that my friends who are bus drivers and the children that attend Merriman School, as well as the mechanics who repair the school buses, will be glad that this work is being done." □

## Workers Get Pay Raise

by Romulus City Councilman Randy Gear

The Romulus City Council has just passed a pay increase for City election workers. Inspectors, who previously received \$55 per day, will now be making \$65; the Chairmen, who used to make \$65 per day, will now receive \$90.

Many citizens had come to me about an increase, sighting long work days and a lack of manpower at some precincts. Also, our workers felt that their pay should be equal to that of election workers in surrounding communities.

A memo concerning this matter was sent to the Council by City Clerk Linda Choate. It said, in part:

"With each election it becomes more difficult to staff the precincts. When the economy is good few people are willing to work a 16 hour day for less than minimum wage, and even fewer are willing to accept the responsibility of being a Chairman.

"In the last 18 months many workers have quit or retired for economical reasons. They can work elsewhere for more money, fewer hours and less

responsibility.

"As an incentive to attract qualified persons to the position of Chairman and to hire additional inspectors, the Election Commission is recommending pay increases for election workers as follows: \$10.00 increase for Inspectors, \$25.00 increase for Chairmen.

"Sufficient funds are available in Elections - Contractual Services Account."

We have to remember that the majority of our workers are seniors and retired persons on fixed incomes, who work very hard during each election to help make our way of life just a little better, so I felt that their request was not too much to ask or to act upon. Our workers have done a very fine job in the past, and will continue to do so in the future.

I would like to extend a special thanks to Councilman Ellis Pennington, who supported my motion to accept this pay increase, and to the rest of my fellow Council members. Thanks also go to City Clerk Linda Choate and her staff for researching and putting together the information needed from their office. □

## Local Resident Collects Dolls

by Dave Atkins

Margaret Meldrum, local resident and Manager of the Key Manor Apartments, has an unusual hobby which may be a little expensive, but is very self-satisfying. Her hobby is collecting dolls: old dolls, new dolls, antique dolls, rag dolls, porcelain dolls, handmade dolls, and any other kind of doll you can imagine. In fact, one entire bedroom in her home is filled with dolls of all shapes, sizes, and colors. (Some of them even have tattoos!) Margaret collects dolls like some people collect stamps, sea shells, or coins.

Margaret, a widow of about 12 years, says she devotes most of her time to her doll collecting. Dolls are a lot like children to her, and she loves each and every one of them.

Margaret first began to collect dolls

back when she was just a small child in Birmingham, Alabama, and continued to pursue her hobby through her teen and adult, child-bearing years. Now, since her son and two daughters are all grown, the dolls have become her children.

At one point in her life, Margaret packed up all of her dolls and stored them for about eight years, but later, when she had more room, her son-in-law, Ron Daniels, pushed her to use the extra space for her collection. Ron helped her unpack the dolls and pick the room to put them in, and it was he who built the shelves where they are now displayed. He was very particular about the arrangement of the room because he knows how much the collection means to her.

Margaret has one especially unusual doll that she loves to talk about: a doll with about a zillion tattoos that sits on a motorcycle. She has even

## Tragedy for Banks

by Dave Atkins

It seems like, when it rains, it pours — especially when it comes to something tragic.

Two weeks ago, Bob Banks, the husband of Mayor Pro Tem Mary Ann Banks, died suddenly (apparently of a heart problem). The couple had been married for 37 years; they were just reaching the point in their lives when they would have had more time to spend together. (In fact, one of the biggest reasons that Mary Ann had decided not to run for reelection this year was that she and her husband wanted to have more time to travel, and to spend with their grandchildren and each other.)

"In an instant, life changes," said Mary Ann, talking about the plans that she and her husband had made.

She added that Bob was not the type of person who would want her to stop living. "He was the kind of man who took one problem at a time and solved it, and then immediately went on to the next one. He would want me to do the same thing."

You work all your life, hoping that, in your later years, you'll finally be able to retire and do all of those things you were too busy to do before. Suddenly, without warning, in one single instant, your whole life changes. You did without things, neglected your interests, because you were too caught up in a maze of responsibilities, and then, in a stroke so swift that you can barely comprehend it, what you most looked forward to is gone.

The death of a husband is hard enough to bear, but Mary Ann was to have more grief when, just a few days later, her father, 90-year-old Phil Renke, passed away. Though his death was not unexpected because of his age and recent illnesses, it was no less of a blow for her.

I have always had a great deal of respect for Mary Ann, not just because of her exemplary service on the City Council, but because of the person she is, as well.

Though many of you may not have been aware of the grief she has suffered in the past two weeks, I'm sure that, now that you do know, you'll join us here at *The Romulus News* in sending Mary Ann your best wishes and condolences.

Hang in there, kid — we all care for you. □

velop some sort of strategy to deal with it before it is too late.

Sincerely,  
Lucille Raymond

*Editor's Note: Since I, too, am upset about this need to express a party preference before being able to vote in a Presidential Primary, I contacted State Representative James Kosteva for more information on the rationale behind the law.*

According to Kosteva, who supported the law so that Michigan could have a primary, the rules requiring party registration come from the National Republican and Democratic parties, which do not recognize so-called 'open' primaries. Apparently, each party fears that, in its primary, members of an opposing party would vote for the weakest candidate on the ballot (who would be easier to defeat in the future Presidential Election). If Michigan wants to have a primary that is recognized by the National Democratic and Republican parties, then its voters must follow the rules set by those groups.

Anyone who would like more information on this new law can write to: Representative James Kosteva, Room 319, Capitol Building, Lansing, Michigan 48933. He will be happy to answer your questions and/or supply you with literature on the subject. □

## Letter to the Editor

Last November at the voting polls, each voter was issued a card to be completed and returned on or before February 17, 1992, or he would be ineligible to vote in the Presidential Primary!

Since when does anyone have the right to withhold from anyone, for any concocted reason, the right to vote! Isn't that guaranteed in the Constitution, regardless of party preference, if any? Where is the ACLU? Why are they not protesting this obvious infringement on Constitutional rights?

In this free country of ours, our rights are, one by one, being chipped away, insidiously, beginning with very small and seemingly insignificant "requirements." No one should be forced to declare their party ahead of time, because their preference most certainly depends upon the party platforms in existence at some future time. And, since these cards are just dropped in the regular mails, just suppose certain groups "accidentally" happened to lose a few hundred thousand of the cards checked "Republican" (or "Democrat"). What a way to alter the trend for a particular poll! Does this sound like a fair, honest, and democratic expression of the voices of the people? Or does it just hint at the tactics of Nazi Germany, or Fascist or Socialist party techniques of the 1930's?

I'm writing to you first, since I have no idea to whom such a protest should be addressed. And I hope you can de-

#### Measures Would Protect Flag

Legislation designed to prohibit physical desecration of the flag has been introduced in the House. One measure would establish penalties for desecration of the U.S. flag, while the other would amend the State Constitution to make desecration of both the U.S. and State flag a felony.

#### New Drunk Driving Penalties Proposed

House lawmakers are considering a bill that would impose more severe penalties on drunk drivers. The proposed bill would impose severe restrictions on appeals by convicted drunk drivers; increase fines and other punishments against repeat offenders; allow the refusal of an accused drunk driver to take a breathalyzer test to be used in court; and increase penalties for those who drive with a suspended or revoked license and against people under 21 who transport or possess alcohol in a motor vehicle.

#### Model Recycling Communities Chosen

Five designated "Clean Michigan Communities" will develop model recycling projects with funds provided through the Quality of Life Bond Proposal approved by voters last November. The communities will share up to \$10 million to promote recycling, composting, and other environmentally safe waste management alternatives. In addition, 75 other communities will divide more than \$12 million to operate programs for waste recycling, composting, hazardous waste collection, landfill closure, waste reduction, and the development of markets for recycled products.

#### House Votes for Extended Grand Juries

The House has approved a bill to provide for multi-county grand juries. Under the bill, the State Attorney General or two or more county prosecutors could ask the Michigan Supreme Court to convene a citizen's grand jury to investigate suspected criminal activity in several different jurisdictions.

#### Great Lakes Fund Authorized

New laws authorize Michigan's participation in a permanent multi-state \$100 million Great Lakes Protection Fund. If the fund is approved by the seven other Great Lakes states, Michigan will contribute \$25 million to help pay for clean-up plans and demonstration projects, as well as applied research and monitoring of the health of the Lakes and their wildlife. The State's contribution to the fund will be generated by the Quality of Life bonds approved by voters last year.

#### House Bill Would Protect Handicapped Workers

A recently introduced House bill would clarify State laws that prohibit

employment discrimination against a worker whose physical or mental handicap is not related to his ability to do a particular job. The legislation would specify that an employer has a responsibility to make reasonable accommodations that would enable a qualified handicapped worker to meet the job requirements.

#### Vehicle History Would Be Required in Car Sales

A new House bill would require the written sales agreement between a car buyer and seller to include a description of the vehicle's past use. The history would have to specify whether the car was new or used, and disclose any use as a demonstrator, taxi, or police vehicle, or as an "executive" or "manufacturer's" vehicle. The statement also could say that the seller had no knowledge of, and made no claims about, the vehicle's history.

#### Bill Calls for Plain Language Contracts

A bill now before a House committee would require consumer contracts in Michigan to be written in clear and coherent language, using words and phrases that have everyday meanings. The legislation, which would cover sales contracts, leases, and service agreements for personal or household purposes, specifies that presentation of a contract that did not meet plain language standards would be an unfair business practice.

#### Bill Would Direct Seized Drug Assets to Substance Abuse Programs

Under a pending House bill, excess funds seized from drug criminals by special Treasury Drug Asset Recovery Teams (DART) would be directed to the State's Office of Substance Abuse Services for drug treatment and prevention programs. DART officials join police raids on suspected drug criminals, instantly auditing the assets seized. Currently, funds resulting from the sale of the seized assets are used to pay the criminal's State tax liability, with any money above that amount going into the State's general fund.

#### "Trip-Scrip" Program Goes into Effect

Beginning in August, licensed medical practitioners and pharmacists will be required to use State-supplied triplicate prescription forms for medications with the highest potential for abuse and dependency, such as codeine, morphine, barbiturates, and amphetamines. The Legislature created the "Trip-Scrip" program last year to help eliminate the illegal diversion of these drugs from legitimate medical uses to sale on the streets.

#### Bill Would Require Nursing Homes to Accept Medicaid Patients

Pending House legislation, intended to end discrimination against Medicaid recipients, would require nursing

homes to admit all applicants on a first-come, first-served basis. Under the proposed bill, nursing homes would be prohibited from rejecting patients based on their payment source. The legislation would require nursing homes to have one waiting list for all applicants and would prohibit them from requiring an applicant to have a large "on-hand" cash reserve.

#### House Bill Would Allow Fees to be Paid by Credit Card

House lawmakers have approved a bill that would allow credit-card holders to charge certain Secretary of State transactions. Under the proposed measure, certain major credit cards could be used for vehicle fees and taxes, for boat registration fees, and for items purchased in the Michigan Historical Center. The bill also would cover subscriptions to some State publications, snowmobile and off-road vehicle registrations, and other license fees.

#### Bills to Protect Michigan Waterways Sent to Governor

Legislation designed to protect Michigan's groundwater supplies and the Great Lakes has been sent to the Governor for his approval. The bills create a new fund to provide continued long-term clean-up and monitoring of environmentally contaminated sites around the State, and authorize funding for grant programs aimed at protecting the Great Lakes.

#### State to Address Boating Fatalities

As part of the State's continuing effort to reduce boating accidents and fatalities, law enforcement officials and the Department of Natural Resources will be patrolling various lakes and rivers around the State. Special emphasis will be placed on waterways that have heavy boating use and where numerous accidents and fatalities have occurred. Emphasis also will be placed on enforcing Michigan's marine safety regulations. A similar effort conducted last year helped reduce accidents and fatalities by more than 40%.

#### Toll-free "U-Pick" Information Available

A new 24-hour toll-free State information service has been created for residents and visitors looking for fresh Michigan fruits and vegetables. Persons calling 1-800-877-PICK will receive directions to Michigan farm markets and "U-Pick" operations throughout the State. The information is available seven days a week.

#### Underground Storage Tank Bill Passed

Legislation has been sent to the Governor that would provide permanent funding to replace faulty underground petroleum storage tank systems. Under the legislatively approved measure, owners and operators could receive financial assistance from the State to correct or upgrade leaking tanks, which threaten water and soil resources.

#### Forestry Bill Passed by House

House lawmakers have approved a bill that would create a new Forest Finance Authority to help ensure growth and development of the State's forest resources. The bill would provide funding to better manage timber on State-owned land. It also would allow the

authority to issue contracts for the cutting and sale of timber and other forest management operations.

#### Bill Would Protect Co-signers

A House committee has reported a bill that would require creditors to notify a loan co-signer before reporting any adverse credit information to a consumer reporting agency. Under the bill, creditors could not take action against a co-signer until the co-signer had been notified in writing of their financial responsibilities for the delinquent account and given a chance to make arrangements to pay off the debt. The bill would establish penalties for creditors who fail to properly notify co-signers before reporting adverse credit information.

## Driver Ed a Big Success

by Dan Hurst

Three hundred Romulus students successfully completed this summer's three-week driver education program. Each student received 30 hours of classroom instruction and six hours of driving instruction. Congratulations to our new drivers.

A special thanks also is extended to Atchison Ford Sales, Inc., of Belleville, for the use of two 1989 automobiles. The partnership between Atchison Ford and the Romulus Schools' Driver Education Program ensured that the driving instruction time of the Romulus students was a truly first-class experience. □

## Obituary

#### Phillip J. Renke, Sr.

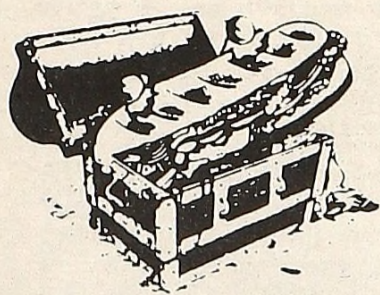

Romulus resident Phillip J. Renke, Sr., died August 3, 1989, at Park Nursing Center in Taylor. He was 90 years old.

Phillip was the husband of the late Cecelia Margaret (Schoenrock) Renke, who died on October 13, 1986. The beloved father of Phillip Jr. and Raymond Renke (both of Romulus), Mrs. Bennett (Genevieve) Dugan (of Romulus), Mrs. Mary Ann Banks (of Romulus), and Mrs. Abel (Patricia) Galvan (of San Diego), he also is survived by one sister, Mrs. Bernice Cline (of Detroit), 14 grandchildren, and four great-grandchildren.

Funeral services were held Saturday, August 5, at St. Aloysius Catholic Church, Romulus, with Father Walter Lezechowski officiating. Interment was at Michigan Memorial Park in Flat Rock.

Memorials may be sent to the Romulus Progressive Club. □

Margaret has lived in the Key Manor apartment complex for 16 years, and has managed it for 11.

Most people who know this lady speak very highly of her. They have no trouble calling her "friend," because

she has always proven herself to be one.

A quick glance at the accompanying photographs will be more than enough to show you why Margaret could, very easily, be known as "the doll lady." Maybe someday Margaret will have an opportunity to display her doll collection somewhere in the City so that all of you can have the same pleasure of seeing her collection that I had when I visited her "doll room." □

## Wedding

Winer/Anderson

When Melissa Holly Anderson and Vincent Dwayne Winer announced their engagement on January 10 of this year, they set their wedding date for August 19, 1989. The ceremony will take place at 4:30 p.m. at Victory Park in Belleville; a reception, which will be held at the home of the bride's parents, will follow immediately.

Melissa is the daughter of Mr. and Mrs. Thomas Anderson of 34596 Julie Drive in Romulus. Vincent, who lives at 48180 Archwood, Apartment A426, in Belleville, is the son of Mr. Matt Winer and Mrs. Evelyn Winer. □

## It's Your Turn To Question the Candidates!

by Dave Atkins

Now that there is a firm list of candidates for this fall's election, it is time for you, the citizens of Romulus, to begin your appraisal of those candidates so that you can cast an informed vote at the polls.

During the campaigning prior to the election of two years ago, our staff came up with several questions to ask the candidates; we then printed their responses to our questionnaire in "the little paper" so that local residents would be aware of where those candidates stood on various issues. Later, many of our readers told us that their votes had been strongly influenced by the candidates' answers to our queries.

Since last election's questionnaire was so popular, we intend to draw up another one for this year, but this time

we would like to have some direct input from Romulus citizens. After all, it is you whom they will be representing, so it is their response to your concerns that is the most important.

Do you have a few questions that you would like to ask the candidates? If so, please fill out the form below and return it as soon as possible to the following address:

Please note that it is not necessary to fill in the personal data at the bottom unless you want to; however, we do request that only Romulus residents 18 years of age and over respond. □

## Some Weird Radio

Listening to car radios is one thing I'm sure almost all of us have in common. In radio-land, I go back to "Lee Allen On The Horn" (I forget the station), "Jack The Bellboy" on WJBK, and the days when C!-K!-L!-W! was THE station in town. Of course, we didn't have television, telephones, or indoor plumbing, so we listened a lot to radio.

Anyway, these days, more and more, I like to fiddle with the selector knob, trying out new stations. Recently, I tumbled across a station called WERD, or Weird Radio, with studios in the Fisher Building, Detroit. It wasn't the music that was weird, but the commer-

cials. One went something like this:

**Announcer:** Ladies and gentlemen . . . Mr. Sylvester Stallone.

**Sylvester:** Yo, everybody! How ya doin'? Folks, I'm here today to tell youse about this new mustard I got for sale. I call it *Macho Mustard*! Yo! What a great name, eh?

**Ancr:** Yes, it is, most assuredly, a masterful name for a mustard, Mr. Stallone. Is it derived of your own personal recipe?

**Sly:** Naw, my Ma, she makes it up in my Aunt Flo's bathtub. My Ma, she says Aunt Flo's got this thing about wantin' everything sparklin' clean, and all, so Ma figures she ain't violatin' no sanita-

tion laws, or nothing, usin' that bathtub. **Ancr:** Well . . . yes . . . but I'm certain the county health people have given your Aunt Flo's, ah, bathing facility, a clean bill of health. . . . Ah, Mr. Stallone, that is correct, is it not?

**Sly:** Yo!

**Ancr:** Excellent! Now, if you would, please enlighten us as to the unique properties of *Macho Mustard*.

**Sly:** Huh? Properties? I thought we was talkin' mustard, here, buddy. I mean, if this stuff takes off like Ma says it will, then I'll talk properties with ya. Yo! You got it, buddy?

**Ancr:** My goodness . . . yes, *Sir*! It's inconceivable my comprehension could be magnified to any greater extent.

**Sly:** Huh?

**Ancr:** Please tell us about your *Macho Mustard*.

**Sly:** Yo! Folks, we're not talkin' your run-of-the-mill mustard here. *Macho Mustard* is so hot that, when you slap some on a raw burger, or somethin', real live steam'll shoot out your ears and nose. Your toes'll twitch, and every hair on your body will frizz and curl. Yo! Women use it just to get a quick perm!

**Ancr:** Hmmm . . . a quick perm, indeed. Is there anything else you would like to tell us about *Macho Mustard*?

**Sly:** Naw, but my Ma's here, over there by your crew.

**Ancr:** Ah, yes, I see her. She is passing out your mustard, is she not?

**Sly:** Yo! And the mustard's free, but Ma, she charges 10 bucks for a blast off'n her fire extinguisher. Ma! Come on over!

**Ma:** Doggone it, Sylvester! I still got a few blasts on my extinguisher, so this best be good! Now, whattaya want?

**Sly:** Tell the people some about *Macho Mustard*, Ma.

**Ancr:** Yes, Mrs. Stallone, we would most indubitably appreciate your imparting valuable input concerning your product.

**Ma and Sly:** Huh?

**Ma:** Listen, mister, don't get fancy-pants with me. All I know is I've been makin' up this mustard since my Sylvester was in knickers. My, he was so cute, then.

**Sly:** Aw, Ma . . .

**Ma:** It's true. When he was little, my Sylvester used to soak his Fruit Loops in *Macho Mustard*, let 'em sit a day or

two, then splash on a little buttermilk and toss the whole schmear down with one gulp. (She chuckles) Yeah, me and Fred, the Fire Chief, we'd know where he was the rest of the day. He was *smokin'!*

**Ancr:** My, that's a delightful little ditty, Mrs. Stallone, although I am quite certain our listeners realize it is a somewhat lighthearted exaggeration, whose primary purpose is to illustrate and magnify the wonderful benefits to be gleaned from *Macho Mustard*. *N'est-ce pas?*

**Ma and Sly:** Huh? What the . . .

**Ancr:** Hi-ho! The time is nigh to say good-bye. Any closing remarks, Mr. Stallone?

**Sly:** Yeah! Folks, no matter what this stiff says, *Macho Mustard's* good stuff. Pick up some soon, right Ma?

**Ma:** Yo!

**Sly:** Love ya, Ma! □

## It's the Law!

by Murray A. Duncan, Jr., Attorney

A landlord must give a tenant 30 days notice to vacate if there is no lease. The notice to vacate is a demand for possession. The demand for possession must: 1) be in writing; 2) be addressed to the person in possession; 3) list the premises address; 4) state the reason for the demand; 5) state the time that the tenant must vacate; 6) state the amount of rent due, if any; 7) be dated; and, 8) be signed by the person entitled to possession.

The demand for possession can be served by mailing it to the person in possession.

If the tenant refuses to vacate the premises, the landlord must file a Complaint in District Court. The Complaint must be served on the tenant personally. If the landlord is success-

ful in court, then a Writ of Restitution will issue 10 days after Judgment in favor of the landlord. Once the Writ of Restitution issues, the court officer may forcibly remove the tenant from the premises.

The tenant may prevent the issuance of the Writ by paying the full amount due. However, if there is no lease, the tenant must vacate unless the landlord agrees to allow the tenant to remain on the premises.

If there is a lease, the tenant may remain on the premises for the term of the lease by paying the full amount of rent owing.

If you have a legal question that you would like answered, you may send your question to my office and I will

attempt to answer it in a future issue. Questions should be mailed to: Murray A. Duncan, Jr., 10000 South Wayne Road, Romulus, Michigan 48174. □

## Wedding

Good/Haines

At 1 p.m. on June 3, 1989, Lisa Marie Haines and Alex Bruce Good were married in Evangel Baptist Church at Telegraph and Pennsylvania in Taylor. A reception at Roma's of Garden City followed at 7 p.m.

The couple honeymooned at Champagne Towers of the Paradise Stream Resort in the Pocono Mountains in Pennsylvania, enjoying their first week of married life in a beautiful setting.

Lisa is the daughter of Gary and Carol Haines of 15574 Brandt in Romulus. Alex's parents are Byron and Marian Good of 13244 Huron River Drive in Romulus.

Lisa and Alex had been engaged since April 8, 1988. □

## Births

### Loni Nicole England

On July 10, 1989, Paul and Vicki England welcomed their new daughter, Loni Nicole England, into their family. Loni, who was born at Annapolis Hospital in Wayne, weighed six pounds, 12½ ounces, and measured 19½ inches.

In addition to all the attention she'll be getting at home from Mom (an employee of Family Pharmacy on Goddard) and Dad (an employee of the City of Romulus), Loni will be getting lots of love from other family members, too. Loni's grandparents are Rev. and Mrs.

Lonnie England, and Mr. and Mrs. Robert Wilks (all of Romulus); her great-grandparents are Mr. and Mrs. Charley Perry (of Romulus), Mrs. Molly Campbell (of Auburntown, Tennessee), Mr. and Mrs. William Theaker (of Wolverine, Michigan), Mrs. Pearl Wilks (of Romulus); and her great-great-grandmother is Mrs. Alma Perry (of Morehead, Kentucky).

### Mickey Donald Kreutzer III

Ann Marie and Mickey Donald Kreutzer II are proud to announce the birth of their new son, Mickey Donald Kreutzer III. Mickey was born at 1:02 p.m. on August 2, 1989, at St. Joseph Hospital in Ann Arbor. He weighed seven

pounds, 11 ounces, and measured 20½ inches.

Mickey is the latest addition to a very large family. In addition to his numerous aunts, uncles, and cousins, Mickey has five grandparents (David and Evelyn Atkins of Romulus, Richard Tomrell of Romulus, and Jeff and Sheryl Usher of Romulus), nine great-grandparents (Clyde Kreutzer of Detroit, Mary Atkins of Westland, Harlen "Casey" Clark of Tampa, FL, Mary Clark of Romulus, Laverne and Dorothy Tomrell of Lapeer, Dorothy Usher of Houghton Lake, and Mel and June Cayton of Lima, OH), and three great-great-grandpar-

ents (Ada Blevins of Haldeman, KY, Opal Baron of Pontiac, and Delma Kaylen of Belleville). □

## Mayor Re-appointed to Post

Recently, Mayor Beverly McAnally received a letter from Southeast Michigan Council of Governments (SEMCOG) Chairperson and Wayne County Commissioner Milton Mack, which read, in part:

Dear Mayor McAnally:

Thank you very much for serving as Chairperson on the Community and Economic Development Advisory Council (CEDAC) during 1988-89. The contribution of your time and energy has been an invaluable and significant factor in achieving our program goals. We appreciate your participation in the development of regional policies and the other activities of the Council.

It is my pleasure to reappoint you to the CEDAC and to reappoint you Chairperson of CEDAC for a term ending September 1, 1990. Oakland County Commissioner Ruel McPherson and Livonia Chamber of Commerce Board-

member Mary Dumas have been appointed to serve as Vice Chairpersons of CEDAC. It is also my pleasure to reappoint Community Development Director Dennis Oakes to serve as your alternate, whom you are to notify if you are unable to attend a meeting of CEDAC.

Your Council will continue to have as members, a wide variety of individuals to bring all points of view to the table in the development of regional policies. The importance of the committee system is to provide in-depth participation of elected and other government officials, business, industry, public interest groups and private citizens.

I believe your efforts on the CEDAC will continue to prove rewarding.

Cordially,

Milton L. Mack, Jr.

Chairperson, SEMCOG

Wayne County Commissioner □

## Kosteva Asks That Rail Safety Subcommittee Be Reinstated

In light of the recent train derailments in Highland Township and Freeland, State Representative James A. Kosteva (D-Canton) has asked that the Transportation Subcommittee on Rail Safety be reinstated, and that additional hearings be conducted. Representative Kosteva chaired the Subcommittee on Rail Safety during 1988, and issued a report on rail safety improvements in February of this year.

"I am interested in taking a look at the recent derailments and past accident reports to see if there is further need for legislative oversight in this arena," said Kosteva. "The recent derailments have also given us cause to reflect on the human impact costs that need to be considered."

The Chairman of the House Trans-

portation Committee, Representative Curtis Hertel (D-Detroit), has appointed himself, Kosteva, and Representatives Jerry Bartnik, Walt DeLange, Matt Dunaskiss, Philip Hoffman, and Nate Jonker to serve on the Subcommittee.

On Monday, August 7, the first of the Rail Safety Subcommittee's hearings was held at the Tittabawassee Township Community Hall in Freeland. It was a joint hearing with the House Conservation, Recreation and Environment Committee, chaired by Representative Tom Alley (D-West Branch).

The second meeting of the Committee will be held Monday, September 11, at 9:30 a.m. at the Wayne City Council Chambers (3355 South Wayne Road, Wayne). □

## Hunter Safety Course Offered

The Romulus Police Department is conducting a hunter safety course on September 16 and 17 at the Romulus Recreation Department (36515 Bibbins). All first-time hunters born after January 1, 1960, are required to successfully complete a hunter safety course before they can purchase a Michigan hunting license.

The class will meet from 8:30 a.m. to 4:30 p.m. on both Saturday and Sunday (all students should bring a lunch). Course topics will include firearms safety, hunter ethics, bow hunting, survival, and first aid.

The class size will be limited to about 30 to 35 people, so anyone interested in enrolling should do so right away. Registration forms are available at the Police Department (11165 Olive). Contact Officer Ellis or Sergeant Poe at 941-8400 for more information. □

## Police Beat

by Dave Atkins

Last week seemed to be a week of death in the City of Romulus.

On Wednesday, August 2, a young man was killed in an accident at Middle Belt and Wick when the car in which he was a passenger collided with a semi truck.

According to Police reports, the woman driving the car was travelling north on Middle Belt when she allegedly ran a red light at the intersection. Witnesses gave conflicting accounts of the incident: some said that the car ran the red light and hit the semi as it was coming through the light; others claimed that the semi hit the car as it ran through the light.

Both people were thrown from the car. Neither person was wearing a seat belt.

The male passenger was transported to Annapolis Hospital, where Police say he was stabilized, and then flown

by helicopter to the University of Michigan Hospital in Ann Arbor. It was during the flight that he passed away.

At this writing, the female driver is still hospitalized.

The second tragedy occurred early Saturday evening (August 5) when a man, about 75 years old, was killed instantly on Van Born Road near the corner of Howe. Evidently, he was walking down Van Born when he suddenly stepped into the path of an eastbound car. There was no apparent reason for his action.

The driver was released pending investigation. □
